

FASTWEB has been awarded CONSIP bid for fixed telephony to the Public Administration

Milan, 11 May 2006 – FASTWEB (Milan, MTAX: FWB) has officially been awarded the Consip bid for fixed telephony services to the Public Administration, following all technical and economical verification by the relevant commission.

FASTWEB highlights that this contract will have a pay back time below 12 months and will generate margins in line with the Company's parameters.

With this decision the Public Administration will benefit from advanced services at the best conditions in terms of costs and efficiencies that are available for the corporate market
